Toys to help children feel at home

A beautiful playroom is one feature of Bulterys House that helps make this patient accommodation facility feel welcoming and like a home away from home.

Thanks to the generous donation by Ezeard family, in remembrance of their son Ryan, this bright and joyful room has toys and lots of room to play.

For patients traveling with small children, this amenity is appreciated and goes a long way in providing a comfortable space while in Dawson Creek while they access health care services.

The Society is grateful to have generous supporters, like the Ezeard Family.

Did you know...

Recruitment

Recruitment and retention activities within the South Peace region takes many forms. Sometimes, this is done by simply showing a little appreciation.

In December 2023, the Society hosted a lunch for the Tumbler Ridge Community Health Centre. Invitations were sent to nurses, doctors, BC Ambulance, and support staff. This small gesture was well received in the community.

In total, the Society hosted four Healthcare Professionals Appreciation Events last year (three in Dawson Creek and one in Tumbler Ridge) and planning has started for two more events in 2024 (one in Chetwynd and one in Tumbler Ridge).

Getting involved is easy

The South Peace Health Services Society is looking for new members! If you are interested in becoming involved, as a member, sponsor, or supporter, please get in touch.
